## **'Safe homes' program**

December 6, 2007

### **ACTON**

The Community Alliance for Youth has started the Safe Homes program in Acton and Boxborough. Families who join the program agree to provide a safe and supervised home without drugs or alcohol for teen parties. Sign-up cards were inserted in student report cards in November. Alliance members urge parents to fill out the cards and return them. Parents can also sign up online at [cafy.net](http://cafy.net). The program is part of a yearlong initiative by the alliance to help reduce underage drinking. - Jennifer Fenn Lefferts
